**Date:** May 2, 2006 10:13:31 AM CDT

This is coverage of last night's Plan Commission meeting regarding the Red Seal development. Final approval will now be up to the Board of Trustees, but our understanding is that they cannot consider final approval until after the sale of property, 2.3 acres, to Red Seal. Red Seal cannot go ahead with the development as proposed and preliminarily approved without those 2.3 acres.

There is an open bidding process that must last 30 days.
