Two articles appeared in the Thursday papers regarding Concorde Banquet's expansion. As to the petition presented during their Public Hearing with 49 signatures in opposition to the outdoor party venue, their Village administrator is quoted: "The petition is noted as an interested party for the record, and the village is going forward with no formal objections."

So if signatures on a petition are not persuasive, people in the room might be. IF YOU FEEL YOU WILL BE IMPACTED, attend the Kildeer board meeting Monday, 7:30 pm, Kildeer Village Hall (that's the building with the police station). The Kildeer Plan Commission will deliberate (vote?) on March 13.

If you are concerned but cannot attend, PLEASE SEND AN EMAIL EXPRESSING YOUR CONCERNS, and include your name and address and what the impact on you would be. We will black out email addresses, but would have your email to support the questions we think need to be answered.

If these links do not click through for you, simply go to the newspapers' sites and type in "Concorde" in the search box to pull up the stories.
